#### About the Programme:

The "Pantomime" event, along with the "Tech Thesis" session, took place on 25.01.2025 in Room No: 315, organized by the Techno Spark Association. 32 students participated in these events. The event brought together students from the Department of Computer Applications to showcase their innovative ideas and research findings. The sessions were designed to foster creativity, critical thinking, and public speaking skills.

Teams were given random pieces of information or abstract words and tasked with constructing a logical narrative or concept in a short amount of time. This exercise encouraged participants to demonstrate their problem-solving skills, adaptability, and teamwork.

The "Tech Thesis" session allowed participants to present their projects, or studies on various topics. This academic segment aimed to enhance the participants' public speaking abilities and encourage knowledge sharing among peers.
