WORLD BLOOD DONOR DAY

DONATE BLOOD
June 14
GENERAL HOSPITAL ABC
1234 BLDST, DEF CITY 5679
Contact us: +234 222 777.

National voluntary Blood Donation Day is getting Celebrated in India at 1st of October in the year 1975.
O-negative blood is the highest because it is used most often during emergencies.
The world blood day is celebrated every year on June 14 to thank the altruistic acts of selflessness of voluntary blood donors and celebrate life and humanity.
The need for O+ is high because it is the most frequently occurring blood type.
World blood donor day is celebrated on the 14 June every year.

* The world blood day is celebrated every year on June 14 to thank the altruistic acts of selfless and voluntary blood donors and celebrate life and humanity

* The need for o+ is high because it is the most frequently occurring blood type
