Prof.M.Vinay, Department of Computer Science, CHRIST University, Bengaluru, was the resource person and 52 faculty members participated.

The participants were introduced to the new learning platforms. The developments in Information and Communication Technologies (ICT) have revolutionized the way education is imparted. Research has shown that the use of ICT in teaching enhances students' learning. The participants learnt the following e – content development and digital tools: Google Classroom, Kahoot.in/.com, Spark Abode, Hot potatoes, Components of Google Drive, Gamification, Grammarly.com Google forms, Infographics, Tinyurl.com, Online test and Evaluation, Pictochart, Mooc and Moodle and Google Keep. This workshop was a great starting point for effective teaching in the 21st century learning environment.

The college which is already a nodal centre for IIT Mumbai Spoken Tutorial Programme which promotes online self-learning programmes, has been identified by ICT Academy, Chennai, as a Skill Development Centre for empowering staff and students in technical and life skills.
