Link with the Community through Extension Activities

Mannar Thirumalai Naicker College extends its reach beyond the classroom through vibrant extension activities, notably the National Service Scheme (NSS), National Cadet Corps (NCC) and various clubs of our college. Our NSS units play a pivotal role in crowd management at neighbouring temples, providing students with hands-on experience in event organization and crowd control. Moreover, our students take the initiative to educate the public about the importance of preserving traditional culture, particularly during festival times, thereby promoting cultural sensitivity and community engagement.

Furthermore, our NSS volunteers actively contribute to the community through various initiatives. They undertake cleanliness drives at the revered Meenakshi Amman Temple in Madurai, demonstrating their respect for cultural heritage. Additionally, they volunteer at the local library, meticulously organizing books and promoting a culture of literacy, thereby making a positive impact on the community.

Committed to fostering a culture of community service and environmental stewardship, our NSS volunteers have successfully undertaken 20 cleanliness drives, making a tangible impact on our surroundings. Furthermore, we have initiated a robust tree-planting program, where our students actively participate in planting trees in various locations. This hands-on approach not only beautifies our environment but also serves as a valuable teaching tool, imparting essential lessons on eco-culture, sustainability, and the importance of preserving our natural heritage.
